

## Product Data Sheet

### Premium D.O.T micro prism retroreflective tape. ?150 Feet long.

The industry standard for Trucks, Trailers, automobiles, also known as Day Bright Tape.

DOT (Department of Transportation) Reflexite Conspicuity Solid Colors,?5 Year Warranty.

Reflexite? Daybright??is a high brightness, weather resistant reflective material. It is designed to provide superior visibility and conspicuity to oncoming motorists which result in improved safety and image.

Daybright features include?proprietary micro prism technology, long distance sight detection, and thin, flexible construction which is easy to apply. The material has an aggressive high-tack pressure sensitive adhesive. The material is flexible and strong once applied; excellent impact, shrink, and solvent resistance.
