## Gum Tape Dispenser - Hand Taper (TWA)

### Gum Tape Dispenser (Water Activated) - Hand Taper

The Gum Tape Dispenser gives steady, trouble-free operation and is packed with features and quality construction. New and improved scissor action blades made of SST (rust free). Improved 70oz. water bottle with a rubber valve to reduce water spillage. Redesigned tape channel guides allow for easy viewing of remaining tape roll and easy drop-in reloading. Tape widths: 1" to 3" and lengths: 5" to 36" on manual tape, 5" x 99" on electrical taper. Meets CE and ETL approval. Electrical: 110/120V, 50/60 HZ and 220/240V, 50/60HZ.

Hand tape with or without heater.

Economical. Model TDH110 with heater: constant hot water and steady flow through brush activates glue quickly and evenly. Up to 9" roll dia. Weight: 30lbs.

NOTE: The physical properties listed above are typical test results obtained from a series of laboratory tests and should not be used for the purpose of writing specifications. Before using this product, user shall determine the suitability of the product for his/her use; and user assumes all risks and liabilities in connection therewith. All test procedures used are in accordance with ASTM and PSTC methods.
